Claude Certified Architect - Foundations (Anthropic, May 2026)

SUMMARY

AI Engineer building production multi-agent systems and RAG-backed applications (Claude, Azure AI), with a foundation modernizing Accenture MxDR / Adaptive MxDR (AMxDR) AWS cloud architecture: Terraform, shared services, secrets, secure telemetry, and CI/CD.

EXPERIENCE

Full Stack LLM Development Analyst / AI Engineer

Aug 2025 - Present

Accenture - GenAI & Data, Gurugram

- Build multi-agent systems for enterprise Order-to-Cash domains, including Dispute & Deduction, using LangGraph, durable state, and human-in-the-loop control points.
- Design async multi-model inference services (Claude / GPT / Azure AI paths) with retries, concurrency control, and cost/latency telemetry.
- Implement MCP-style governed tool access and agent observability with OpenTelemetry and Datadog.
- Contribute RAG-style retrieval and knowledge grounding alongside agent decision paths.

Platform Engineer

Aug 2023 - Aug 2025

Accenture - Security - MxDR / Adaptive MxDR (AMxDR)

- Helped modernize the MxDR to Adaptive MxDR (AMxDR) platform AWS cloud architecture: multi-environment Terraform, CI/CD, shared services, and production reliability.
- Owned Redis/ElastiCache-backed shared metadata platform services, certificates, Auto Scaling, and environment consistency.
- Modernized IaC (legacy Terraform to 1.x) and migrated pipelines from Jenkins to GitHub Actions across a large service set.
- Automated AWS Secrets Manager migrations and IAM updates; CodeQL/Dependabot remediation; runtime and container hardening.
- Restricted-egress proxy automation and synthetic health monitoring over mTLS/gRPC OpenTelemetry into enterprise SIEM paths; multi-tenant production incidents and blue-green deployments.

OPEN SOURCE

HelixOps | RAGGym

- HelixOps: multi-agent RCA with RAG, human-approved remediation, JWT/RBAC. github.com/AyushRanjanRoy-01/HelixOps
- RAGGym: swappable RAG stack, RAGAS evaluation, practice mode. rag-gym.streamlit.app

TECHNICAL SKILLS

Agents & GenAI: LangGraph, LangChain, Multi-Agent, MCP, HITL, RAG, Claude, GPT, Azure AI Foundry

Platform & Security: AWS, Terraform, Secrets Manager, IAM, mTLS, SIEM telemetry, Docker, GitHub Actions

Data & Observability: PostgreSQL, Redis, OpenTelemetry, Datadog, FastAPI, async Python

EDUCATION

B.Tech ECE - VIT Chennai (2019-2023)

Coursework: AI; ML essentials; Cryptography & Network Security; InfoSec Audit; DSA; Operating Systems.

CERTIFICATION

Claude Certified Architect - Foundations | Anthropic | May 2026
